### KING'S POLICE MEDAL.

### NOTIFICATION.

POLICE.

*Delhi, the 1st January 1926.*

*No. F.-25-III.-25.*—His Majesty the KING, EMPEROR OF INDIA, has been pleased to confer the King's Police Medal, and in one case a bar to the medal previously awarded, on the following officers and men of the Indian Police Establishments :—

| Name of officer and rank. | Statement of services for which, in particular, the decoration has been conferred. |
|---|---|
| * * * * * | |
| **BENGAL.** | |
| 10. Nirmal Kanti Ray, Officiating Assistant Sub-Inspector, Bengal Police. | This officer has shown tact and courage and devotion to duty at the risk of his life. |
| 11. Sheo Saran Singh, Constable, Calcutta Police. | In June 1924 Calcutta was filled with rumours of kidnapping of young children by Sikhs in connection with alleged sacrifices at the King George's Dock, Kidderpore, where extensive excavations were taking place. This rumour led to instances of assault on members of the Sikh community in Calcutta which ended fatally in several cases. On the 10th June a Sikh was waylaid by a mixed gang of local Muhammadans and Hindus. A constable heard of this when on patrol and went to the place, but finding the crowd too large for him ran to a distance and blew his whistle which brought up constable Sheo Saran Singh. The constables proceeded to take off their belts and flourished and brandished them in the face of the crowd which they kept at bay for some time. Finding the position untenable they pluckily and skilfully withdrew the Sikh and pushed him inside a roadside culvert and stood at either end keeping the crowd from maltreating the man. Information had in the meantime reached the local police-station and reinforcements arrived which effected a rescue. Constable Sheo Saran Singh thus showed great courage and devotion to duty at the risk of his own life. |
| 12. Upendra Chandra Ghosh, Officiating Sub-Inspector, Bengal Police. | This officer has rendered valuable services at great personal risk and has shown great devotion to duty and absolute fearlessness. |
| 13. John Elliot Armstrong, O.B.E., Deputy Inspector-General of Police. | Mr. Armstrong joined the Indian (Imperial) Police Service in 1897 and was promoted to his present rank in 1920. He has held various important appointments in different branches of the Police Service and has been almost continuously in charge of the C. I. D. since 1919. He has for some time been in charge of the Intelligence Branch in addition and has shown marked ability in controlling the heavy work of both departments. In organising arrests under Ordinance I of 1924 and under Regulation III of 1818 and in dealing with revolutionary activities generally Mr. Armstrong has shown great tact, patience and ability.<br>Mr. Armstrong is a particularly able, hardworking and loyal officer and has shown great devotion to duty throughout his service. |
| 14. Jatindra Nath Sinha, Probationary Inspector, Bengal Police. | The service record of this officer has been characterised by specially meritorious work from the beginning and he has shown marked detective ability in several dacoity cases. In 1920 and 1921 he completely checked the activities of a dangerous Punjabi gang of dacoits whose field of operation extended over several districts. He is one of the best detectives in the Force and has shown considerable courage and devotion to duty at the risk of his life. |

and the unnecessary repetition of headings and other formal parts of documents; but the documents omitted to be printed or copied shall be enumerated in a typewritten list to be transmitted with the record.

13. The transcript or printed record for the use of the Privy Council shall consist of Parts I and II in the same volume, each part having its own index, but both indices shall be placed at the beginning of the volume. (*d*) The number of lines in each page of pica type shall be 47, or thereabouts, and every tenth line shall be numbered in the margin, *i.e.*, the tenth line being numbered 10 and the second tenth line 20 and so on.

(*e*) Each document shall have a heading which shall consist of the number of exhibit mark and the description of the document in the index, without the date.

(*f*) Each document shall have a marginal note which shall be repeated on each page over which the document extends, viz. :—

PART I.

(i) Where the case has been before more than one Court, the short name of the Court shall first appear. Where the case has been before only one Court, the name of the Court need not appear.

(ii) The marginal note of the document shall then appear consisting of the number and the description of the document in the index, with the date, except in the case of oral evidence.

(iii) In the case of oral evidence, "Plaintiff's evidence" or "Defendant's evidence" shall appear beneath the name of the Court, and then the marginal note consists of the number in the index and the witness's name, with "examination," "cross-examination" or "re-examination," as the case may be.

PART II.

The word "exhibits" shall first appear. The marginal note of the exhibit shall then appear consisting of the exhibit mark and the description of the document in the index, with the date.

(*g*) Each document in Part II shall be separately printed and paged at the foot of each page.

The extra fifty copies mentioned in rule 19 of Chapter XXXII may be utilised in Parts I and II for the use of the Privy Council, provided they comply with all the above-mentioned conditions.

16. Before the Paper-book is printed, the final or press proof thereof shall (unless otherwise directed by the Registrar) be brought into the Registrar's office for the purpose of being examined by the Examiner's department of the Original Side and being passed by the Registrar. The Registrar may call for one or more further proofs until he is satisfied that the order to print can be given. The press proof may be submitted for examination and passing in sections, provided the sections are in consecutive order. (The Court-fee for examining and passing such proof or proofs shall be payable out of the Rs. 400 or other moneys deposited pursuant to rule 5 of this Chapter.)

## STATEMENT OF OBJECTS AND REASONS.

The recommendations of the Indian Bar Committee in regard to the constitution of Bar Councils and their functions were as follows:—

1. An all-India Bar or Council is impracticable. Statutory Bar Councils should, however, be established at Calcutta, Madras, Bombay, Allahabad, Patna and Rangoon, but provision should be made permitting the constitution of Councils at Lahore, Nagpur, Karachi and Lucknow later on. (Paragraphs 48 and 55.)

2. The Council should consist of 15 members, four of whom should be nominated by the High Court, including, where possible, the Advocate General or the Government Advocate and the Government Pleader. The remaining eleven, of whom six should be advocates of at least 10 years' standing, should be elected by advocates of the High Court, provided that in Calcutta and Bombay the High Courts should determine how many of the eleven should be advocates entitled to practise on the original side. The nominated members should ordinarily be advocates, but it should be left to the High Courts to nominate judges past and present. (Paragraphs 57 and 58.)

3. The first Councils should hold office for 3 years, the term of office of subsequent Councils being determined by rules to be framed by the Councils themselves. (Paragraph 57.)

4. A Bar Council should have power to make rules subject to the approval of the High Court in respect of the following matters:—

(*a*) the qualifications, admission and certificates of proper persons to be advocate of the High Court,
(*b*) the powers and duties of advocates,
(*c*) the conduct of any examination which may be prescribed by it and the fees to be paid for appearing at the same,
(*d*) legal education, including the delivery of lectures to students and the fees chargeable therefor,
(*e*) matters relating to the discipline and professional conduct of advocates,
(*f*) procedure and practice in cases falling within the disciplinary jurisdiction of the Council,
(*g*) the method of holding elections of members of the Council and all matters incidental thereto,
(*h*) the meetings of the Council, the quorum necessary for the transaction of business, the election of a President or other officer and the appointment of committees for special purposes,
(*i*) the period for which a Council, after the first Council, should hold office and the filling of vacancies occurring between elections,
(*j*) the terms on which advocates of another High Court may be permitted to appear occasionally in the High Court to which the Council is attached, and
(*k*) any other matter prescribed by the High Court. (Paragraph 59.)

5. The rules regulating the election of the first Council and the filling of vacancies before rules are made by the Council should be made by the High Court, and it should be provided that no rules shall be made affecting the special provisions suggested for the original sides of the Calcutta and Bombay High Courts so long as those provisions remain in force. (Paragraph 59.)

6. A Bar Council should have power either of its own motion or on complaint or on a reference by the High Court to inquire into all matters of the kind referred to in sections 12 and 13 of the Legal Practitioners Act, 1879, breaches of rules and other improper conduct in which an advocate of the Court is concerned, and make a report to the High Court with a recommendation as to the action, if any, to be taken by the Court.

A Bar Council should also be entitled to be heard in any matter relating to the admission of an advocate or in support of any report made by it to the Court. (Paragraph 60.)

7. The existing disciplinary jurisdiction of the High Court should be maintained, but the Court should be bound before taking disciplinary action against an advocate, except in regard to contempt of court and the like, to refer the case to the Bar Council for inquiry and report. On receipt of a report from the Bar Council the Court should be empowered itself to make or require the Council to make further inquiry. At the request of a Bar Council or on its own motion a High Court should be authorised to order an inquiry to be held by a local court. (Paragraph 61).

8. Provision should be made for procuring with the sanction of the court the attendance of witnesses and production of documents required by the Council for an inquiry, and witnesses should receive the same protection as when they give evidence before a court. (Paragraph 61.)

(The paragraphs referred to are paragraphs in the Report.)

The Government of India consulted local Governments and High Courts upon these recommendations. In certain respects it appeared necessary to amplify them and in some respects to modify them in the light of the views urged by the authorities consulted. It is intended that these recommendations with the amplifications and modifications should be given effect to by or under the Bill.

2. The Bill is intended also to carry out as far as possible the following miscellaneous recommendations of the Committee :—

(*a*) The ideal to be kept in view should be the disappearance of different grades of legal practitioners so that ultimately there may be a single grade entitled to appear in all courts. At present the largest degree of unification possible should beeffected. (Paragraphs 11 and 17.)

(*b*) In all High Courts a single grade of practitioners entitled to plead should be enrolled, to be called advocates (not barristers), the grade of High Court Vakils or Pleaders being abolished, and when special conditions are maintained for admission to plead on the original side the only distinction should be within that grade which shall consist of advocates entitled to appear on the original side and advocates not so entitled. (Paragraph 19.)

(*c*) Advocates of one High Court should be entitled to practise in another High Court subject to conditions to be imposed by the Bar Council of the latter Court or by the Court where there is no Bar Council. (Paragraph 20.)

(*d*) Where there is a compulsory dual agency system at present it should be allowed to continue. (Paragraph 26.)

(*e*) The High Courts should retain their power to fix the amount payable by a party in respect of the fees of an adversary's legal practitioner. (Paragraph 61.)

(*f*) Partnerships between legal practitioners should be permitted wherever all classes of legal practitioners are entitled to act as well as to appear and plead. (Paragraph 69.)

(*g*) The High Courts, where this is not now permitted, should consider the advisability of allowing Indian barristers applying for enrolment as advocates to read with an approved Indian practitioner instead of reading in chambers in England, at least when it is shown that the individual cannot obtain entry in suitable chambers in England. (Paragraph 68.)

3. Incidentally it is intended that the provisions of the Bill and the rules which may be made under it shall, in regard to advocates entitled as of right to practise in the High Courts, replace the relevant provisions of the Legal Practitioners Act, the Bombay Pleader's Act and the Letters Patent of the various High Courts of Judicature as well as the rules made under those provisions. In regard to certain matters for which provision has not been made in the Bill it has however, been necessary to retain the residuary powers of the High Courts of Judicature under their Letters Patent.

In accordance with the recommendation of the Committee in paragraph 56 of their Report the enrolment and control of legal practitioners other than Advocates is left to the High Courts under the Legal Practitioners Act and the Bombay Pleader's Act as amended by the Bill.

4. The principal modifications of the Committee's recommendations which are contained in the Bill are as follows :—

(*a*) the constitution of the Bar Councils differs slightly from the recommendations in that the Advocate General must be a member and the number of members to be elected is ten, instead of eleven ;

(*b*) the rules regarding all elections of the Councils instead of only the election of the first Councils are to be made by the High Courts, the powers of the Councils in this respect being restricted to the making of bye-laws in regard to matters not provided for by the rules made by the High Courts. For the making of these bye-laws, however, the approval of the High Court will not be required ;

(*c*) power is given to the Councils, with the sanction of the High Court, to prescribe fees to be payable to the Councils in respect of admission and enrolment and of the issue of certificates ; and

(*d*) the powers of the Councils to hold inquiries into complaints of unprofessional conduct are restricted to cases referred to the Council by the High Court, and the inquiries are to be held by a Tribunal consisting of members of the Council appointed for the purposes of the inquiry by the Chief Justice or Chief Judge of the High Court. The High Court is, however, required to refer all complaints of unprofessional conduct which it does not dismiss either to the Bar Council or to a subordinate court for inquiry. Instead of requiring the sanction of the Court for compelling the attendance of witnesses in each case a Tribunal is given power to enforce such attendance. A Tribunal is also given power to administer oaths to witnesses, and the protection of the witnesses who give evidence, which was recommended by the Committee, is secured by applying the provisions of section 132 of the Indian Evidence Act to proceedings before a Tribunal. On the other hand, rules governing the procedure of a Tribunal are to be prescribed by the High Courts instead of by Councils with the approval of the High Court.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### First Forecast of the Wheat Crop of Bengal, 1925-26.

NOTE.—On an average of the five years ending 1923-24, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1923-24, averaged (*a*) 42·2 and (*b*) 14·7 per cent., respectively.

**Explanatory.**—Four forecasts of the wheat crop are published. This forecast deals only with the area sown and the general condition of the crop in its early stages.

**Acreage.**—According to the estimates of the District Officers the total area sown amounts to 130,600 acres against 127,300 and 126,400 acres reported, respectively, in the corresponding and final forecasts of last year.

**Character of the season.**—With sufficient soil moisture as a result of rainfall during the months of September and the first half of October the sowings commenced at the normal time except in Dinajpur and Bogra where they were a little late. Dry and sunny weather in December was helpful to the growth and the present outlook is, so far, promising on the whole.

## RESOLUTION ON THE SIXTY-THIRD ANNUAL REPORT OF THE GOVERNMENT CINCHONA PLANTATIONS AND FACTORY IN BENGAL FOR THE YEAR 1924-25.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Cinchona.

CALCUTTA, THE 22ND JANUARY 1926.

RESOLUTION—No. 899.

READ—

The sixty-third annual report of the Government Cinchona Plantations and Factory in Bengal for the year 1924-25.

READ ALSO—

The report of the previous year.

Mr. C. C. Calder officiated as Superintendent throughout the year.

The area under cinchona at the end of the year was 3,060 acres. No extension of any importance was carried out at Mungpoo and Munsong, but other ranges have been explored with the result that an area of about 600 acres has been found in the Latpanchor forest with conditions sufficiently favourable to justify the cultivation of experimental plots.

The quantity of cinchona harvested during the year was considerably less than in the year 1923-24. This appears to have been due to the large stocks of bark already held at the factory as the total quantity of bark worked up at the factory was some 54,000 lbs. more than in the previous year. Rather more than half of this bark was Java bark belonging to the Government of India.

The quantities of quinine sulphate and other alkaloids prepared from provincial bark were almost the same as last year, the figures being 19,230 lbs. of quinine sulphate and 8,348 lbs. of other alkaloids. There was a considerable increase in the total outturn of the factory, but this was in products from Java bark.

The manufacture of quinine tablets for sale through post offices has been transferred from the Juvenile Jail, Alipore, to the Presidency Jail. Machines for the manufacture of these tablets have been ordered and will be installed at the Mungpoo factory. The manufacture of the tablets will then be transferred to Mungpoo. Provision has also been made for the erection of ferro-concrete tanks for storing quinine in the crude form, as storage in tins has been found unsatisfactory.

The financial results were again satisfactory, although the surplus receipts over expenditure fell from Rs. 4,56,825 in 1923-24 to Rs. 4,42,934 in the year under report, and the value of stock at the end of the year was almost Rs. 30,000 less than at the beginning. The total expenditure was Rs. 3,33,626, being slightly lower than in the previous year. The receipts including the jail share for the sale of quinine tablets were Rs. 7,76,560 and were some Rs. 16,000 less than in 1923-24.

Although the quantity of quinine salts supplied to dispensaries and District Boards in Bengal increased by more than 1,600 lbs., there was a decrease of more than 3,300 lbs. in the total quantities sold. This decrease was compensated for by an increased demand for cinchona febrifuge, to meet which 5,000 lbs. had to be obtained from Madras. The price of quinine sulphate fell during the year from Rs. 28 to Rs. 24, and there were similar reductions in prices of other products.

The thanks of Government are due to Mr. Calder for his sound administration of the plantations and to Mr. Shaw, Government Quinologist, for the successful working of the factory.

ORDER—Ordered that this resolution be published in the *Calcutta Gazette* and that a copy with a copy of the report be submitted to the Government of India.

By order of the Governor in Council,

W. S. HOPKYNS,

*Secretary to the Government of Bengal.*

## RESOLUTION ON THE REPORTS ON INLAND EMIGRATION FOR THE YEAR ENDING THE 30TH JUNE 1925.

### GOVERNMENT OF BENGAL.

#### REVENUE DEPARTMENT.

#### Emigration.

CALCUTTA, THE 16TH JANUARY 1926.

RESOLUTION—No. 723Emi.

READ—

The Reports on Inland Emigration under the Assam Labour and Emigration Act, 1901 (VI of 1901), for the year ending the 30th June 1925, submitted by the Superintendent of Emigration, Calcutta, and the District and Assistant Superintendents of Emigration.

There was a noticeable decrease in the number of emigrants despatched to the labour districts during the year under review as compared with the previous year, but the total number was still greater than those of 1921-22 and 1922-1923.

2. Recruitment in Bengal was, as in previous years, confined to the districts of Bankura, Birbhum, Burdwan and Midnapore. The number of garden sardars employed during the year was 215 as against 253 in the preceding year. All worked under the supervision of licensed local agents. The number of local agents' licenses issued was 18 as against 21 licenses granted in the previous year. The total number of emigrants registered by garden sardars in Bengal was 406 as against 217 in the preceding year. The largest number registered was in the Midnapore district, viz., 369. The total number of recruits from Bengal and other provinces embarking at Goalundo was 12,625 (including two remaining at Goalundo at the close of the previous year) as against 17,054 in the preceding year.

3. Arrangements for river transport were satisfactory. Only one death due to cholera occurred at the halting station at Kharagpur, and there was no death at the other two halting places at Asansol and Naihati. Of the 12,638 emigrants, who arrived at Goalundo from the recruiting districts in and outside the Presidency of Bengal, five deserted, eight were released, and two died. There was no casualty amongst the emigrants during their journeys by steamer from Goalundo or by railway from Chandpur to their final destination. There was one case of desertion amongst the emigrants who embarked at Goalundo for the Brahmaputra Valley.

4. In connection with the transport of labour to Assam, receipts amounted to Rs. 1,796 as against Rs. 2,100 in the preceding year, while the expenditure increased from Rs. 7,781-12-1 to Rs. 13,595-6-2.

5. The office of the Superintendent of Emigration, Calcutta, was held by Lieutenant-Colonel C. A. Gourlay, I.M.S., from the beginning of the year under review up to the 18th October 1924, when he proceeded home on leave after making over the charge to Lieutenant-Colonel A. Denham White, I.M.S., who held the appointment from the 19th October 1924 to the end of the year under review. The thanks of the Governor in Council are due to both these officers and also to the local officers for their assistance in the administration of the Act.

By order of the Governor in Council,

W. S. HOPKYNS,
*Secretary to the Government of Bengal.*

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Final Forecast of the Sugarcane Crop of Bengal, 1925-26.

NOTE.—On an average of the five years ending 1923-24, the area under sugarcane has represented some 7·6 per cent. of the total area under sugarcane in British India.)

**Character of the season.**—As indicated in the second forecast the weather was favourable at the outset. But heavy rains before the setting in of the monsoon adversely affected the outturn in the important districts of North Bengal. In East Bengal, particularly in the Dacca Division, a good crop has been reaped, whereas in West Bengal the crop somewhat suffered from insufficient rain.

**Acreage.**—The total area planted with the crop for the province is estimated at 215,000 acres this year as against 206,200 acres last year.

**Outturn.**—According to the estimates of District Officers, the average outturn of the crop for the province works out at 85 per cent. of the normal this year as against 76 per cent. last year.

Taking 36½ maunds as the normal yield of cane-*gur* per acre, the gross outturn for the province is estimated at 245,000 tons this year as against 210,100 tons last year.

**Other sources of Gur.**—The total quantity of *gur* likely to be obtained from date-palm juice and others is estimated at 108,500 tons this year as against 116,700 tons (revised) last year.

The quantity of *gur* for the province from all sources is thus estimated at 353,500 tons this year as against 326,800 tons (revised) last year.

| Midnapore ... | 6,600 | 6,400 | 5,400 | 58 | 67 | Middle of January. Normal. | The decrease in area as compared with estimate in the second forecast is due to revision. The outturn is expected to fall much below the normal owing to unfavourable weather conditions in planting time. |
| Hooghly ... | 3,200 | 2,500 | 3,700 | 75 | 96 | Not yet commenced. | The increase in area is due to the high price of gur obtained last year and to favourable weather condition at planting time. The weather was, on the whole, favourable, but want of adequate rain slightly stunted the growth of the crop at some places in the Sadar subdivision. |
| Howrah ... | 5,200 | 3,800 | 3,800 | 48 | 92 | Ditto ... | The effects of weather on the cultivation and growth of the crop were favourable. |
| Rajshahi ... | 7,800 | 6,000 | 5,800 | 100 | 83 | December. Normal. | The decrease in area is due to ordinary fluctuation. Some damage was done to the crop at Natore by constant rainfall. The outturn is expected to fall below the normal owing to the unequal distribution of rain. |
| Dinajpur ... | 29,500 | 29,500 | 30,700 | 80 | 66 | First part of December. Normal. | The increase in area is due to high prices of molasses. The weather was favourable at the planting time, but subsequent heavy rains damaged it to a great extent. |

1.—(*a*) These rules may be called the Civil Pensions (Commutation) Rules.

(*b*) They shall be deemed to have come into force on 1st April 1925.

2. The powers granted by these rules shall be exercised, in relation to Government servants who are under the administrative control of a local Government, by the local Government, and in relation to other Government servants by the Governor-General in Council, and may be delegated by them to the High Commissioner for India, subject to any condition which they may think fit to impose.

3. A Government servant who is a member of one of the Services or holds one of the posts included in the appendix to these rules shall be entitled, subject to the conditions hereinafter specified, to commute for a lump payment any portion, not exceeding one-half, of any pension which has been or may be granted to him under civil rules. But any such commutation shall be subject to the condition that—

### GOVERNMENT OF BENGAL.

### LEGISLATIVE DEPARTMENT.

NOTIFICATION.

*No. 508L., dated Calcutta, the 2nd February, 1926.*—The following Report of the Select Committee on the Bengal Local Self-Government (Amendment) Bill, 1925, with the Bill as amended by the Committee, is hereby published for general information :—

## REPORT OF THE SELECT COMMITTEE ON THE BENGAL LOCAL SELF-GOVERNMENT (AMENDMENT) BILL, 1925.

We, the members of the Select Committee appointed to consider the Bill further to amend the Bengal Local Self-Government Act of 1885, beg to submit this, our Report, with the Bill, as amended by us, annexed hereto. In reprinting the Bill, all changes made by us have, so far as possible, been underlined.

The possible application of the proposed Act to the Darjeeling district under the Government of India's notification No. 2G., dated the 3rd January, 1921, was considered, as some of the provisions of the proposed Act would not be suitable for that district. It was decided that as the Bengal Local Self-Government Act of 1885 does not apply to the Darjeeling district, no reference need be made in the Bill to that district and the proper course would be for that Act as amended up to date to be applied to the Darjeeling district under the notification of the 3rd January, 1921, with such modifications as may be deemed necessary.

2. The more important changes we have made in the Bill are as follows :—

**Clause 1A.**—This new clause which we have inserted merely contains a necessary drafting alteration, other necessary changes being made throughout the Bill in relation to the clause.

**Clause 2.**—The majority of us consider that the question of the proportion of members of District Boards to be elected by Local Boards is one in respect of which it is necessary to obtain an opinion from the various District Boards and local officers and that it cannot be suitably dealt with in a Bill of this nature which is being treated as an emergency measure. The question may be left over to be dealt with in the Bill which is under contemplation to amend the Act generally. Clause 2 has therefore been omitted.

**Clauses 3, 4 and 5** have been omitted for similar reasons.

**Clause 6.**—We are of opinion that the proposed amendment requires modification. As it stands, it would permit *any* graduate, *e.g.*, a visitor from Australia, to qualify for election as a member of a Local Board referred to in section 13 of the Act. We have therefore recast the clause in order to avoid this contingency.

**Clause 7.**—We are of opinion that the provision as to refusal to act as a member of a Board must be retained, but that the principle of the clause may be accepted. The clause has been recast accordingly.

**Clause 8.**—This clause has been redrafted by us on the lines of sub-section (*2*) of section 22 of the Calcutta Municipal Act, 1923, which makes an offence involving moral turpitude and carrying with it a certain sentence a reason for making a Councillor ineligible for appointment for five years.

**Clause 12.**—Sub-clause (*1a*) which we have inserted contains a necessary consequential amendment.

**Clause 13.**—In sub-section (*1*) of the proposed section 30A we have provided that the appointment of a Secretary by a District Board is to be permissive and not compulsory.

Sub-sections (*2*) and (*3*) of the proposed section have been recast on the lines of sub-sections (*1*) and (*4*) of section 12 and section 52 of the Calcutta Municipal Act, 1923, and now appear as sub-sections (*1a*), (*1aa*) and (*2*).

**Clause 13A** is consequential on clause 13.

**Clause 14, and other similar clauses.**—We are of opinion that the various powers given to the Lieutenant-Governor (now the Governor in Council) by sections 32, 38, 62, 63, 64A, 66, 71, 85, 86, 87, 91, 95, 100 and 120 of the Act must be retained. Clauses 14, 16, 23, 24, 25, 26, 27, 29, 30, 31, 33, 34 (*3*), 36 and 37 have therefore been omitted.

**Clause 18.**—Sub-clause (*2*) has been altered so as to provide for the financial statements to be sent to the Commissioner by the District Board for his suggestions, which they must take into consideration.

**Clauses 19 and 22** have been omitted, but are reproduced in the new repealing clause 44.

**Clause 28** has been amplified so as to incorporate in section 78A of the Act provisions on the lines of section 3 of the Bengal Highways Act, 1925, which require, where possible, some other means of access when a road is closed, and an alternative route in the case of the closing of more than half a mile of road at a stretch. It has also been provided that Government roads temporarily vested in District Boards shall be exempted from the application of section 78A.

**Clause 35.**—Measures for the relief of famine or serious distress can best be organized in consultation with the local officers of Government and we consider that the Commissioner's power of limiting the expenditure referred to in section 99 should be retained. The clause has therefore been omitted.

**Clauses 38, 39 and 40.**—We have decided by a majority that the powers of the Commissioner and the Magistrate under sections 124, 125, 126, 127 and 128 should be retained. We have therefore omitted clauses 38, 39 and 40.

**Clause 41.**—We are of opinion that it is not desirable to give the rule-making power referred to in sub-clause (*1*) to the District Board.

As regards sub-clause (*2*) it was pointed out that a ballot system is at present followed in the case of the election of a Chairman or Vice-Chairman of the Boards, and that Government are taking steps to introduce the ballot system in the case of the members of the Boards. Clause 41 has therefore been omitted.

**Clause 44.**—This new clause reproduces clauses 19 and 22.

The Bill was published in accordance with Rule 20 of the Bengal Legislative Council Rules, 1920, in the *Calcutta Gazette* of Thursday, 27th August, 1925.

We consider that the Bill has not been so altered as to require republication.

**Minute of Dissent by Maulvi Sayedul Hoque, M.L.C.**

I regret that I am unable to agree to the following:—

**Clause 2.**—The basis of my argument rests on the principle that the local bodies are to be responsible self-governing institutions of representatives. This principle, I believe, derives its authority from the various declarations of the Government. If this principle is not to be upheld, I have nothing to say. If, however, this principle is to be maintained, the proportion of the members of District Boards to be elected by Local Boards ought to be raised, because the present proportion of nominated members generally commands the majority on account of pressure of their official influence *de facto* though *in jure* they may be supposed not to utilise that influence. We have seen many salaried servants of the Government taking active part in these matters and even it has been proved in Courts. Moreover the Bill, in my opinion, cannot be called an emergent one. It had been introduced in one session of the Council, it had been published in the *Calcutta Gazette*, and then it has been referred to a Select Committee in the last session of the Council. And again nothing is certain what the Government will be doing in respect of the Bill in the contemplation of the Government on the subject. Therefore clause 2 ought to be retained.

**Clauses 3, 4 and 5** ought to be retained for similar reasons.

**Clause 8.**—I cannot agree to this clause, as amended by the Select Committee, unless "moral turpitude" in the proviso is defined and definitely told under what sections of the Criminal Procedure Code this "moral turpitude" shall be treated.

**Clauses 14, 16, 23, 24, 25, 26, 27, 29, 30, 31, 33, 34 (3), 36, 37 and 42** ought to be retained for reasons similar to those given for the retention of clause 2.

**Clause 35.**—The value of consultation with local officers of the Government on measures for the relief of famine or serious distress can be appreciated, but this does not call for the interference of the Commissioner. So clause 35 ought to be retained.

**Clauses 38, 39 and 40.**—In addition to what I have said regarding the retention of clause 2, it may be said that there is no reason to suppose that a body of qualified, responsible and representative members shall be so irresponsible as to undertake any work which is likely to cause any injury or annoyance to the public or to any class or body of persons or to lead to a breach of peace or to neglect any work, the non-performance of which may lead to public unsafety or serious inconvenience. It is rather derogatory to local bodies. Therefore, clauses 38, 39 and 40 ought to be retained.

**Clause 41.**—In my opinion the rule-making power in some matters ought to be given to District Boards and secret voting by ballot will guarantee free exercise of voters. Therefore clause 41 ought to be retained.

---

**Minute of Dissent by Babu Bejoy Krishna Bose, M.L.C.**

I sign this Report subject to the following note of dissent. I am in favour of substitution of "four-fifths" for "one-half", as provided for in clauses 2, 3 and 4 of the Bill. It is unfortunate that the mover of the Bill was not present at the meeting of the Select Committee. I take it his object was to introduce a larger element of elected members in the District Boards. I fail to understand how the Bill can be considered as "an emergency measure". It has for one of its objects the liberalising of the

present constitution of the Boards. In any measure that may be undertaken by the Government for amending the whole Act, which I understand it is the intention of the Government to do, there will be no question of increasing the number of appointed members. On the other hand, in accordance with the altered state of things, there will be a larger element of elected members. I would go further and state as my definite opinion that the constitution of the District Boards should be wholly elective, and the Bill, as it is, does not go far, as it should have done. Official control of, and official *bloc* in, the Boards ought to cease.

Clause 5 follows as a necessary corollary to the above clauses and I am in favour of its retention. I am in favour of retention of clauses 16 and 17 of the Bill. There ought to be as little interference with the work of the Union Committee as possible, and this cannot be insured unless two-fifths of the members of these committees owe their seats, not to the pleasures of the Circle Officers, who represent the Government in these cases, but to election by the cess-payers living within a Union.

Clause 19 should be retained, thereby omitting section 48 of the Act. The last paragraph of section 47, as suggested and adopted by the Select Committee, will meet the requirements of the situation, and the estimates, after they had been considered in the light of the suggestions made by the Commissioner, need not be resubmitted to him, nor are his directions necessary.

I am in favour of clause 37 as the first step in a tardy instalment of Local Self-Government our Rulers can give us. The District Boards should be free of the leading strings. Commissioners and District Magistrates can bring to the notice of Government anything in the action of the District Boards they do not approve. But they should not interfere in any way. It follows from what I say here that I am also in favour of clauses 38, 39, 40, 41 (1) and 43 of the Bill.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

*No. 509L., dated Calcutta, the 2nd February, 1926.*—The following Report of the Select Committee on the Bengal Village Self-Government (Amendment) Bill, 1925, with the Bill as amended by the Committee, is hereby published for general information :—

## REPORT OF THE SELECT COMMITTEE ON THE BENGAL VILLAGE SELF-GOVERNMENT (AMENDMENT) BILL, 1925.

We, the members of the Select Committee appointed to consider the Bill to amend the Bengal Village Self-Government Act, 1919, beg to submit this our report, with the Bill as amended by us annexed hereto. In reprinting the Bill, all changes made by us have, so far as possible, been underlined.

In clause 2 of the Bill we have considered it desirable to revise the proposed new section 20 of the Act so as to secure that where the approval of the District Magistrate is withheld from the action of the union board in appointing or dismissing a dafadar or chaukidar the reasons for withholding approval shall be recorded in writing. We have introduced a further provision enabling the District Magistrate to make an appointment if the union board fails to perform its duty in this respect within a reasonable time, which we have defined as two months from the occurrence of the vacancy either in the ordinary course or from the fact that an appointment made is not approved by the District Magistrate.

We have considered it desirable to remodel sub-section (*2*) of the proposed new section 20 so as to leave the District Magistrate in possession of the power to dismiss a dafadar or chaukidar in certain circumstances which we have specified. We consider this necessary in view of the fact that dafadars and chaukidars have, under section 23 of the Act, to perform certain duties of the nature of police work from which the union board is almost entirely dissociated and which it is advisable that the District Magistrate should be able to enforce. The power of dismissal by the District Magistrate can only be exercised after the union board have been consulted, and the reasons for such dismissal must be recorded in writing.

Our recommendations of the above points are unanimous.

We have decided by a majority to leave to the District Magistrate the duty of determining the nature and cost of the equipment of dafadars and chaukidars.

We consider in the first place that uniformity is desirable and that this can best be secured by the system at present in force; secondly, that the determination of the nature of the uniform appears to be a matter which can best be left to executive officers, while the actual charge on the union fund for this purpose is a comparatively small sum, and, finally, we are of opinion that it is impracticable to separate the cost of equipment from the nature of equipment since the one in effect determines the other.

The Bill was published in accordance with rule 20 of the Bengal Legislative Council Rules, 1920, in the *Calcutta Gazette* of Thursday, 27th August, 1925,

We consider that the Bill has not been so altered as to require republication.

We recommend that the Bill, as amended by us, be passed.

### Note of Dissent by Babu Boroda Prosad Dey, M.L.C.

I sign this report subject to my note of dissent, namely, that the right to determine the nature and cost of the equipment of dafadars and chaukidars should be left to the union boards, who shall pay for the same, and who are not likely to do anything in the wrong way. In order to secure uniformity, though it is not so rigidly required, some general rules may be made by the Local Government in this behalf, and amended from time to time upon the representations of union boards, to which union boards shall have to conform in determining the nature and cost of such equipment.

Further, it seems there have been printing mistakes in two places of the amended Bill in omitting the words *in writing* in sub-section (*3*) of section 20, and in the proviso to sub-section (*1*) of section 21. This is only formal.

### Note of Dissent by Rai Harendranath Chaudhuri, M.L.C.

While I am glad that the Select Committee have accepted more than one proposal in my Bill to amend the Village Self-Government Act and must thank them for their endeavours to improve and amplify some of the provisions in the Bill, I regret I cannot agree with them on two very important points.

In clause 2 of the Bill [sub-section (*2*) of the proposed new section 20], as it was framed by me, the power to dismiss chaukidars and dafadars was proposed to be conferred on the union board, subject, of course, to the subsequent approval of the District Magistrate. Such power the Panchayet enjoyed even under the older Act of 1870. The Select Committee have chosen to add that the District Magistrate shall also have the power to dismiss the chaukidars and dafadars and thus they propose to retain the present dual authority and continue the existing unhappy arrangement under which the village police have to serve under two masters. By the amendment made by the Committee practically the greater control is given to the District Magistrate, for in both cases he is given the power of dismissal—in one case the direct and in another the indirect. The union board is not even made a co-ordinate authority with equal powers over the chaukidars, and the result of it will be the continuance of the present unsatisfactory state of things.

The second point on which I find myself in greater disagreement with the view of the majority is about the authority which is to determine the nature and cost of equipment of the village police. In clause 3 of the Bill, as it was framed by me, I proposed that the union board should have the power to determine the *nature and cost* of the equipment involved, as the latter did the larger question of the disbursement of the village fund. Those who would pay the tax and raise the fund should have, in my opinion, the control of the expenditure thereof. But the question was raised how, if the District Magistrate was divested of the power, uniformity in the matter of equipment would be secured. I think the clause, as it originally stood, secured it by providing for the approval of the District Magistrate and it could be further secured by providing for the maintenance of the present equipment so long as it was not changed with such approval. But then, again, it was contended that it might stereotype the present uniform. How that could be such a serious contingency as to justify the conclusion that the union board must go without the power to determine the *nature and cost* of the equipment I for myself fail to understand. However, I was prepared to yield on the question of the *nature* of the uniform and to take out the word "nature" from the Bill and leave the determination of the *nature* of the uniform to the District Magistrate. But the majority, accepting the view

that with the *nature* of the equipment went the question of its *cost* as well, preferred to retain intact the power of the District Magistrate in the matter of determination of *both the nature and the cost* of equipment and refused to transfer to the union board the authority to determine even the *cost* of equipment of chaukidars. As I was unable to attach so much weight and importance to the plea—that the question of the nature and that of the cost of equipment are absolutely inseparable—as to ignore the greater bearing of the latter on the funds of the union board I could not agree with the majority view of making the District Magistrate the sole authority in the matter of the determination of the *cost* of equipment of chaukidars and thus consent in a way to the continuance of the external control of village taxation and finance. Such a power vested in the District Magistrate as distinguished from the union board appears to me absolutely inconsistent with all idea of village self-government, and I feel bound therefore to dissent from the view that the majority have taken in this matter.

---

**Note of Dissent by Maulvi Sayedul Hoque, M.L.C.**

I sign the report, subject to the following minute of dissent. I do not agree to leave to the District Magistrate the duty of determining the nature and cost of the equipment of dafadars and chaukidars, because the charge for this purpose is made on the union funds; and, therefore, the union boards ought to be autonomous on the subject. If, however, much stress is given on the uniformity of equipment among different union boards, it may be left to the District Magistrates to determine the nature, but, by no means, should the hands of those, who supply the cost, be fettered to determine how much they are in a position to pay, unless we do not mean to avoid the cases of hardship upon the taxpayers, and of financial death to many urgent and important local works

## STATEMENT OF OBJECTS AND REASONS.

The Calcutta High Court has recently ruled in the case of Ramgopal Goenka *vs.* Corporation of Calcutta that the Corporation constituted under Bengal Act III of 1923 have no power to take proceedings in respect of breaches of the building regulations committed before that Act came into force. This decision is based on the fact that there is no provision in the new Act substituting the present Corporation in the place of the General Committee which under the repealed Bengal Act III of 1899 was entitled to initiate such proceedings. As a result of this ruling, the Corporation are powerless to take proceedings in over 200 cases in which serious infringements of the building rules were committed when the old Act was in force.

The Bill proposes to take power for the Corporation to initiate or continue proceedings not only in respect of breaches of building regulations but for any breach of the repealed Act of 1899.

The additions and alterations which it is proposed to make in Bengal Act III of 1923 are explained in detail in the subjoined notes on clause.

## NOTES ON CLAUSE 2.

**Proposed new section 557A.**—It is proposed to meet the situation disclosed by the High Court judgment—in Ram Gopal Goenka *vs.* The Corporation of Calcutta, by introducing this section into the Calcutta Municipal Act, 1923. The section has been made general in its scope, to cover other cases than that actually dealt with in the High Court judgment, namely, prosecutions, etc., for any breach of the repealed Act of 1899.

*Sub-section (1)* explains itself. The Corporation desired to limit their powers of pursuing breaches of the old Act to 3 years from the commencement of the Calcutta Municipal Act. The proviso to this sub-section imposes a limitation of this kind, but defines the limit as 6 months from the passing of this Act.

*Sub-section (2)* meets one of the points made in the High Court judgment, namely, that the Corporation did not succeed the General Committee in respect of the functions in questions in the case cited. The second part aims at overcoming a possible contention that where the General Committee has complied with the requirements of the old Act and those requirements are not the same as the requirements of the new Calcutta Municipal Act, a proceeding should fail because the requirements of the Calcutta Municipal Act had not been satisfied.

*Sub-section* (*3*) provides that the procedure under the new Act should be followed as far as practicable, without however making it necessary for the Corporation to do over again what has already been done by the General Committee. The sub-section aims at covering a wider field than mere contraventions of sections 449 and 450 of the repealed Act of 1899.

*Sub-section* (*4*) aims at validating the re-institution of magisterial and other proceedings which may have been disposed of on the strength of the High Court judgment. The two alternative reasons adduced by the Hon'ble Judges why the proceedings against Ram Gopal Goenka must fail have been specifically enumerated in view of the possibility that either or both have been subsequently quoted in other cases by Magistrates disposing of similar matters.

*Sub-section* (*5*) requires some explanation. Section 631 of the Act of 1899 limits the time within which a prosecution under the Act can be launched to 3 months, or in one special case to 6 months after the commission of the offence. Section 534 of the Calcutta Municipal Act, 1923, reproduces the section. It would seem that the section has no reference to proceedings before a Magistrate under sections 449 and 450 of the repealed Act, or sections 363 and 364 of the present Act, since what is there being sought from the Magistrate is a direction to demolish, not a conviction for an offence. But a contravention of the building regulations might also be pursued as an offence under section 579 of the repealed Act and failure to comply with a magisterial direction to demolish might be pursued as an offence under sections 580 and 581. The Act of 1923 has similar provisions in sections 488 and 493. The Act of 1923, however, has two important provisions not contained in the old Act, namely, it limits the action of the Corporation under section 363 to five years from the date of contravention, and it forces the Corporation to make a choice between prosecution under section 493 and application for magisterial direction under sections 363 or 364. Under the Act of 1899 there appears to be no limit to the time within which action under sections 449 and 450 can be taken, and it was open to the General Committee apparently to prosecute under section 579, then get an order for demolition under section 449, and to prosecute for failure to obey the order of demolition under section 580. In regard to these prosecutions as well as other prosecutions however, section 631 barred action after 3 months, so that for any offence against the Act of 1899 committed between 1st January and 31st March, 1924, it is possible that the repeal of the Act on 1st April deprived the authorities of the power to prosecute, though if the Act had not been repealed the General Committee or other authority could have prosecuted.

This section enables the corresponding authority to prosecute in such cases, and sub-section (*5*) enables such prosecution to be instituted despite the fact that by section 631 of the Act of 1899 the General Committee even if the Act had not been repealed could not prosecute after the expiry of 3 months from the offence. In effect that period of 3 months is made 6 months by the Bill, but in view of the fact that the life of the old authority was interrupted, perhaps this is justified.

**Proposed new section 557B.**—This new section seeks to vest the Corporation with the functions of the old General Committee in order to enable the Corporation to deal with applications for abandonment of acquisition under the old Act or to fix the amount of the exemption fee as required by section 359 of the Bengal Act III of 1899.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Final Report on the Cotton Crops of Bengal, 1925-26.

(NOTE.—On an average of the five years ending 1923-24, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent also in other districts. The "late" crop is chiefly grown in Bankura and Midnapore.

**Character of the season.**—Except for a slight damage in October in the Tripura State, the condition was generally favourable in the important districts and a satisfactory crop has been reaped, while in Midnapore and Bankura want of sufficient and timely rain affected the outturn to some extent.

**Area sown.**—The total area sown with early cotton is returned at 76,231 acres and that with late at 1,407 acres, against 75,575 acres and 1,207 acres, respectively, in the corresponding forecast of last year.

**Outturn.**—The outturn of the early crop is estimated at 25,773 bales and the late crop at 328 bales against 23,506 bales and 330 bales, respectively, in the corresponding forecast of the last year.
